Examples of Appropriate Referrals to Family Support Programs	
Scenario 1	Appropriate Referral
Primary caregiver resides in Madison County, is an expectant first-time parent who is receiving FIP benefits. She has completed the 11th grade and resides with her parents. She is interested in parenting information and support, as well as, getting connected to formal and informal supports in the community. Proper nutrition and eating during pregnancy are also concern.	<ul style="list-style-type: none"> • Maternal Health • New Parent Program • FaDSS
Scenario 2	Appropriate Referral
Primary caregiver resides in Madison County, is 23 years old . Expresses concerns over social-emotional development of her 2.5 year old . She is also expecting another child and recently moved to Madison County. She is married and she and her 28 year old spouse have college degrees. She has chosen to stay home and they are at 200% of federal poverty . She would like to get connected to other parents with children under five.	<ul style="list-style-type: none"> • Maternal Health • Parents as Teachers • Early Access
Scenario 3	Appropriate Referral
Primary caregiver resides in Madison County, is 32 years old and is 21 weeks pregnant with a second child. Mom is working part-time, struggles to keep employment, and has minimal support. She wants help locating needed items to prepare for new baby and not sure where to start. She receives WIC, Medicaid, and FIP and has questions regarding labor and medical coverage for when baby arrives.	<ul style="list-style-type: none"> • New Parent Program • Maternal Health • FaDSS
Scenario 4	Appropriate Referral
Primary caregiver resides in Madison County, is 28 years old and has income equal or below 185% of federal poverty with children ages 2 and 5 and receiving, FIP, WIC and/or food assistance. Mom is struggling to get nutritious food on the table for the children because she does not have the background to make the best food decisions.	<ul style="list-style-type: none"> • FaDSS • Parents as Teachers
Scenario 5	Appropriate Referral
